

eSchool Pro

Comprehensive and Compliant
International Student Administration Software

“eSchool Pro is the International Student Administration Management System”

- Comprehensive and easy to use.
- Compliant with the “Code of Practice”.
- Accessible from your iPhone or iPad.
- Downloads online student applications eliminating data re-entry.
- Creates invoices and tracks overseas payments.
- Matches students with homestays and automates payments.
- Sends progress and non-academic reports to parents.
- Sends mass communication emails.
- Manages homestay providers and agents.

Students

- Records the necessary data for student enrolments including travel.
- Records, interviews and reports.
- Saves passport and visa images or scans.
- Provides student balances and statements.
- Manages medical details including insurance.

Homestays

- Manages your homestay inspections and police vetting checks.
- Retains homestay family and dwelling photos to send to parents.
- Automates homestay payments.
- Exports payments for uploading to electronic banking.

Germany

Gender

Female

Simple online enrolment process.

Triggers student and school notification emails on application.

Downloads applications eliminating data re-entry.

Customisable enrolment template.

On the Go

Carry a snapshot of your entire database to update anytime.

Beneficial when offsite or overseas.

Crucial during emergencies.

Testimonials

“We have large numbers of overseas students.

The flight arrivals lists and homestay

payments have significantly reduced our workload.

Having a mobile version that can be carried on

overseas trips or by our homestay

co-ordinators means we have data at our

fingertips 24/7 without requiring remote access...”

Lynda Sullivan (Director of International Students, Rangitoto College)

“At Dunstan High School we have a small but

active International Student Programme.

eSchool Pro enables us to manage all aspects of our programme from

enquiry to enrolment, and tracking, while a student is at the school...”
